## HARDING TELLS JOBLESS MEET DELEGATES HE DOESN'T WANT RELIEF DRAWN FROM TREASURY

### QUICKEST WAY TO NORMALCY IS WAGE CUTS DECIDES HARDING ADMINISTRATION

By DAVID LAWRENCE  
WASHINGTON, Sept. 26.—The Harding Administration faced with an issue of continuing the present wage scales in the navy yard here, resisted the appeals of organized labor and made a drastic cut. The controversy was carried up from the Navy Department to the Cabinet where President Harding himself took a hand. Although private industry has been struggling with this question for months, the Government has avoided giving any moral support to either side. When the navy yard dispute arose, the issue was inescapable, and now the war has gone forth from the Administration that the quickest way to normalcy hereabouts is by wage cuts.

**Wage Cuts Necessary**  
The White House mails have been full of letters from taxpayers urging a diminution of Government expenditures. The Administration has felt that wage cuts especially in Government enterprises is an inevitable and logical answer to the demand for economy. Carefully enough, the business men of the national capital pleaded for labor in the sense that the Government was asked not to make the wage cuts drastic. The Washington merchants were told to take this action by the argument that a cut in wages meant a curtailment of buying power. Labor headquarters admit that they have been so conspicuously clamorous as to the national capital. The plea, however, was unavailing. The Harding Administration stood pat.

**Endorsement Has Its Dangers**  
Politically speaking the endorsement of an Administration of any issue that relates to wages always has its dangers. The Wilson Administration

### Attempt Made To Murder The Polish President

LEMBERG, September 26.—(By the Associated Press)—General Joseph Pilsudski, president of the Polish republic, narrowly escaped death by assassination here last night. He was entering an automobile in city hall square on his way to a theater after attending a banquet in his honor when three shots were fired at him. General Pilsudski was not injured, but Count Grabowski, who was accompanying him, was wounded in the leg. The president directed his chauffeur to drive to a hospital and after being assured that Count Grabowski's wound was not serious, insisted on going to the theater as he had intended. He was enthusiastically cheered by the audience when he entered.

The would-be assassin attempted suicide, but was arrested before he could end his own life.

### Special Guard For Prisoner

CLEVELAND, O., September 26.—Special precautions to guard against a possible recurrence of his escape from county jail where taken today when today he went on trial for the murder of Paulman Elmer Spradley last April. A special detail of police and deputy sheriffs were on duty in court. Hunt in company with two other prisoners escaped several months ago from jail after holding up a deputy sheriff. He was recaptured at Youngstown with one of the other escaped prisoners.

### Earl Tries To Divorce Wife

EARL AND WIFE WHOSE MARITAL TROUBLES ARE INTERESTING TO THE BRITISH HIGH SOCIETY. Action Follows Her Winning And Lossing \$1500 at Deauville

BY MILTON BRONNER  
LONDON, September 26.—All London society will be sitting on the sidelines this fall when the divorce courts hear the noble Catharts air their family troubles. They started doing so some time ago in the newspapers. Now they are going to fight it in a British court.

Earl Cathart has filed suit for divorce from his wife, who is 50 and was married on January, 1919. His wife was much younger than himself. She was a war widow, her first husband having been Captain de Grey Warner of the 4th Dragoon Guards.

The countess presented her husband with a son, and this boy, under the title of Lord Grosvenor, is heir to the peerage and estates.

Earl Rejects Bills  
Society thought the earl and his countess were getting on swimmingly, but were disillusioned when one day they read in The Times a formal announcement by the earl that his wife was not allowed to pledge his credit.

Reporters rushed to see the countess, who replied that she thought the whole

### Pistol Battle With Bandits

NEW YORK, September 26.—A pistol battle in a third floor corridor of the Grand Central station, in which eighteen shots were fired, resulted today in three men fleeing after attempting to hold up two railroad employees, who had a satchel of cash.

### TRAINMEN VOTE FAVORS RAIL STRIKE

CHICAGO, September 26.—A majority of the 186,000 members of the Brotherhood of Railway Trainmen have voted to strike rather than accept the recent wage cut ordered by the United States labor board, general chairman of the brotherhood indicated today as they began an official canvass of the ballots.

Whether a general strike shall be called by the six most powerful railroad unions may be decided within the next two weeks, it was indicated today as officials of the Brotherhood of Railroad Trainmen gathered here to count strike ballots.

Next Monday officials of four more unions—the Brotherhood of Locomotive Engineers, Order of Railway Conductors, Brotherhood of Locomotive Firemen and Engineers and the Switchmen's Union of North America—will meet here to count strike ballots cast by their 250,000 members.

More than 200,000 shop crafts employees already have voted by an overwhelming majority to strike, rather than accept the wage cut, according to figures announced a week ago, but on advice of their leaders are waiting for the labor board to complete its announcement of new working agreements and for the other unions to decide whether they shall support the strike.

Owing to a disagreement between unions as to the form the strike ballot was to take, the trainmen withdrew from last general meeting held here July 1 to 5, and sent out a separate ballot, while the other organizations voted on a joint ballot.

### Crippled Bandits Rob Man

WASHINGTON, D. C., Sept. 26.—The police today are looking for three highwaymen, cripples, two on crutches and the other hobbling on a cane, who last night held up Thomas Payne, of this city, and robbed him of \$20, according to Payne's complaint to the police.

Payne told the police he was sitting in his automobile, accompanied by a young woman, on a road about 100 yards from the Walter Reed army hospital when at pistol point he was commanded to leave the machine by three men who hobbled across the road with him, two on crutches and the other on a cane, appropriated the \$20, and then, ordering him back to the car, threatened to shoot unless he drove away slowly. He described all three as hatless and careless.

### Democrats To Caucus On Treaties

WASHINGTON, D. C., September 26.—All Democratic senators were called today to meet in conference to consider minority action with respect to the peace treaties with Germany, Austria, and Hungary.

Senator Underwood, of Alabama, Democratic leader, issued the call for the conference after consultation with Senator Hitchcock, of Nebraska, ranking Democratic member of the foreign relations committee.

Senator Hitchcock, who returned here today and who was not present when the treaties were reported by the committee last week, expressed himself as favoring ratification. Senator Underwood also was said to be a supporter of the treaties. Preliminary surveys were reported as showing only a comparatively small number of Democratic senators opposed to the treaties, and tomorrow's conference is expected to reveal almost the exact number. Republican leaders said they expected to lose only two or three Republican votes and that the treaties were certain of ratification unless the Democrats should make a party issue of ratification and vote almost solidly in opposition.

### Death Leaves Unsolved Mysterious Society Tragedy

Mrs. Grace Lawes (left) who committed suicide after shooting Miss Mildred Hanan (right), daughter and heir of the late A. P. Hanan, millionaire shoe manufacturer. The shooting took place in Brooklyn, in the presence of John S. Borland (center), New York exporter, who was seeing Miss Hanan home.

NEW YORK, September 26.—Death left unsolved today the most amazing tragedy in society high life since the Elwell case, when Mildred Hanan, heiress to the Hanan shoe millions, died in Long Island College Hospital, as the result of gun shot wounds in her lungs and kidneys.

Miss Hanan was shot from ambush in front of a fashionable Brooklyn apartment house last Friday morning by Mrs. Grace Lawes, a distant relative and drug addict, who then killed herself with an automatic revolver.

Until her dying breath the Hanan heiress steadfastly refused to reveal to detectives the real motive behind the astounding shooting. She was young and beautiful. Her slayer was attractive but beyond forty and a confessed dipsomaniac, caught in the high tide of illicit booze that is known to ebullish in the homes of the Metropolitan smart set.

Mildred Hanan died in the arms of her mother. She had been unconscious for two hours. Up to midnight last night there had been hope for her recovery, due to two apparently successful blood transfusions. With the early hours, however, she collapsed.

Mother at Bedside  
Mrs. Grace Hanan, the mother, and widow of the millionaire, was sleeping in an adjoining room. She was called. For two hours she held the unconscious form of her daughter in her arms, never relinquishing her from her maternal embrace until the 25-year-old daughter sighed convulsively and lay still.

John S. Borland, called "the man in the case," but who has been completely eliminated from any connection with the tragedy by the admissions of Miss Hanan, was also notified that death was near for the heiress. He was her escort on the night she was shot in front of the home of Miss Dorothy Gottschalk, Bohemian business woman and mutual friend of the principals in the tragedy.

Borland hurried to the hospital with Miss Hanan's brother, Alfred T. Hanan, Jr. They, too, were present when the end came.

Policemen Keep Vigil  
Also keeping vigil was Policeman McCarthy, who for hours had been waiting patiently for Miss Hanan to say a few words which might clear up the mystery. An autopsy was held early today by the Kings County Medical examiner. He found "death" was caused by a bullet perforation of the thorax and abdomen.

Physicians who examined the body denied that peritonitis had set in. They refused to say, however, whether the condition of the body indicated that Miss Hanan had also been subjected to the use of drugs. A detailed report of the autopsy it was said, would be sent to District Attorney Lewis of Kings county.

Polish National Alliance Meets  
TOLEDO, O., September 26.—The 22nd triennial convention of the Polish National Alliance opened here today with more than seven hundred delegates from nearly every state in the United States in attendance. A number of distinguished visitors from Poland also are present. The conference will continue throughout the week.

LANCASTER, Pa., Sept. 26.—A 30-year-old local banker and manufacturer, died of pneumonia at Lancaster, Pa., according to word received here.

BANKER DIES OF PNEUMONIA  
SPRINGFIELD, Sept. 26.—J. Baker, 60, local banker and manufacturer, died of pneumonia at Colorado Springs, Colo., according to word received here.

Garage Man Bankrupt  
TOLEDO, O., September 26.—Charles Myers, a garage man of Lima, filed a voluntary petition in bankruptcy in federal court here today. Myers gave his liabilities as \$2,116.71 and his assets as \$910.02.

### WOULD BE WORK FOR ALL IN AMERICA

WASHINGTON, D. C., September 26.—The national unemployment conference, which the administration hopes will evolve means of putting the nation's involuntary idle back to work, was formally opened here today by President Harding.

Addressing the half hundred industrial, economic and labor leaders comprising the conference, the president described the present industrial depression as "a war inheritance throughout the world for which, as applied to the United States, he added, he would have little enthusiasm for any proposed relief which seeks either palliation or tonics from the public treasury."

Belief was expressed by the president that the results of the conference would extend beyond the borders of the United States and that the delegates in their deliberations would be performing "a service to the world."

"Fundamental sound, financially strong, industrially unimpeded, commercially consistent and politically untried," the president asserted, "there ought to be work for everybody in the United States who chooses to work, and our condition at home and our place in the world depends on everybody going to work and pursuing it with that patriotism and devotion which make for a fortunate and happy people."

The president declared that "the open, sure and onward way" to rid the nation of the year's aftermath of depression involved "liquidation, reorganization, readjustment, re-establishment, taking account of things done, and sober contemplation of things to be done." Any other way, he added, was only leading a delusion.

The delegates, were told by Mr. Harding that they had not been invited into the conference "to solve the long controverted problems of our social system" and "Secretary Hoover, whom he had designated as chairman of the conference, would lay before

### VIRGINIA RAPPE'S COMPANION TO TELL OF PARTY

SAN FRANCISCO, CAL., Sept. 26.—Doctor Arthur Beardslee, testifying today in the police court examination of Roscoe C. Ardebekle, said he found Miss Virginia Rappe, whose death Ardebekle is charged with having caused, in great pain when he was called into the case.

In the absence of his attorneys, Ardebekle acted for himself today in the police court in agreeing with the district attorney that the manslaughter charge pending against him should be continued until October 3.

Miss Rappe's writhing in intense pain overshadowed evidences of alcoholism. Dr. Beardslee testified, and it was necessary to quiet her by the use of a drug.

This was in the evening of September 4, a few hours after the party, out of which the charge against Ardebekle arose, according to the physician, and early the next morning he discovered evidence to support an earlier conclusion that Miss Rappe had suffered an intense injury.

From the beginning he realized it was a surgical case and advised removal to a hospital, he said.

"There was no other conclusion to draw from the evidence than that the bladder was ruptured," the witness said.

In answer to a hypothetical question regarding the cause of a torn bladder, Dr. Beardslee replied that he would consider external force, such as a fall or blow, the origin.

Violent and continuing vomiting might cause such a rupture, the witness replied to a question from Ardebekle's counsel.

A black and blue spot on one arm was the only external sign of injury, according to Dr. Beardslee.

"Don't call me your friend," snapped the witness at Frank Dominguez, Ardebekle's chief counsel, after a long series of shifts between them during questioning by the defense attorney.

SAN FRANCISCO, CAL., September 26.—Mrs. Pauline Maud Belmont, who swore to the complaint accusing Roscoe C. Ardebekle of the murder of Miss Virginia Rappe, was announced as the principal witness (Continued on Page Four)

### WHOLESALE DISMISSAL OF CHICAGO POLICE LOOMS

CHICAGO, September 26.—Dismissal of Chicago policemen in wholesale lots was pressed in official circles today, in connection with the federal investigation of violations of the prohibition laws. Following announcement Saturday by Chief of Police Charles Fitzmorris that he believed half the police force of more than 5,000, may be involved in liquor law violations.

Chief Fitzmorris has announced his intention of dismissing every man implicated in liquor deals and claims he has a list of men that can replace hundreds of policemen if it becomes necessary to dismiss that many.

Yesterday hundreds of policemen were transferred and reassigned and the transfer order, it was predicted, will hit the detective bureau in a day or two. Four police sergeants now on bonds in connection with the alleged extortion of bribes in liquor cases have been questioned by state attorneys.

Chief Fitzmorris has expressed a belief that others outside the police department, including several politicians, have been implicated in liquor deals, and federal authorities today began an investigation.

### Pennsylvania Denies Right Of Railroad Labor Board To Enter Realm Of Management

CHICAGO, September 26.—Representatives of the Pennsylvania Railroad presented a letter to the United States Railroad Board today denying the right of the board to "enter the realm of management" and stating that "in view of the fact it could not discuss any of the three points the board allowed it to discuss." It would present oral argument. The board accepted the letter and announced it would give a decision at a later date.

The action leaves the decision of the board calling for a new election of members of a shop craft committee to arrange rules and working conditions, still in force, but with the railroad company denying the right of the board to make such an order, or to enter into any other phase of differences between the carriers and the men except the hearing of and the adjudication of disputes.

The Pennsylvania in its application for a hearing asked that the board hear it upon the issues of law and fact as to the right of the board to make rulings upon elections. The majority of the board allowed the company to present facts concerning "what can be done" in the active service of the carrier, such as men laid off, fire-fighting, or absent on leave, but participation in the election of committees, and how the representatives of employees shall be ascertained. The carrier also was permitted to offer evidence of the adoption of ratification of its shop craft rules by representatives of the crafts, fairly elected by a majority of that class.

### What's The Matter With Us, Anyway?

JULIUS KRUTTSCHNITT, CHAIRMAN OF THE EXECUTIVE COMMITTEE SOUTHERN PACIFIC RAILROAD ANSWERS TIMES QUESTION TODAY.

BY JULIUS KRUTTSCHNITT, Chairman Executive Committee Southern Pacific Railroad

I BELIEVE the present unemployment is caused fundamentally by ONE: our system of taxation which through heavy excess profit taxation taxes and surtaxes on individual incomes, discourages initiative and thrift by robbing success of its fruits, thereby offering strong inducements to the capitalist of the industries, and to freeze it by investing in tax-exempt securities.

TWO: The slow decline in wages. In wages KRUTTSCHNITT rates and necessarily therefore, prices from wartime levels leaves them so high as to stop manufacturing and building.

Railroad Decline  
The effects of high wages in industries has been reflected in our falling exports and in our inability to compete in world markets. As to railroads, where wages are arbitrarily held up by government agencies well above levels prevailing in other industries, construction has been stopped and all improvements except those of utmost urgency have been deferred. Seven hundred and seven hundred million of new line were built in 1914-18 years ago; 311 were built in 1920. The inability of the railroads to purchase at the prevailing high costs has been aggravated by the failure of the government to pay them several hundred millions owed for rental during federal control, and refusal to fund \$75,000,000 paid out for interest.

### Factional Fight At Miners Meet

INDIANAPOLIS, IND., September 26.—Both factions among delegates to the convention of the United Mine Workers of America lined up today for the final test of strength in the two Kansas strike cases, the vote being to decide whether Alexander Howat, president of the Kansas district, would be directed to order strikers back to work at the Dean and Reliance mines.

After debate was in prospect when the convention resumed consideration of the cases, the anti-administration element contending Howat's opposition to ordering the men back to work was justified because the operators sought to change working conditions. Administration delegates supporting President John L. Lewis, denied this contention, asserting that the issue was whether the union required its own men to fulfill their contracts.

While both sides were preparing to day for the showdown, it was doubtful whether the vote could be completed until late Tuesday. Howat's followers were planning to demand a roll call vote, and almost a day would be required to poll the delegates individually.

The table was beautifully decorated with flowers and a fine birthday cake, and a sumptuous chicken dinner was served. Among those present were Mr. and Mrs. Dan Yost and daughter, Miss Seema, Mr. W. A. Pyles and son Raymond, Mr. J. E. Pyles and Mr. John S. Pyles. Later in the afternoon a dainty refreshment course of beer and cake was served, after which the guests departed for their homes, wishing the hostess many more happy birthday anniversaries.

#### How Friendly London Mobbed Charlie Chaplin

London's greeting to Charlie Chaplin was like the victorious home-coming of a conquering hero. Tens of thousands of Londoners packed streets for blocks, as he made his way from Waterloo station in an automobile surrounded by mounted police and detectives. This picture shows a small part of the throng that welcomed the comedian. Arrow indicates Chaplin in light suit. For days he was given police protection against friendly mobbing, whenever he ventured from his hotel.

#### PASTOR RECEIVES BIRTHDAY PRESENT

Rev. W. E. Watson, B. D., pastor of Allen Chapel, A. M. E. church, Twelfth and Waller streets, was greatly surprised last night, when immediately after services, he was presented with a purse of \$25.50 and a large portable birthday cake, decorated in beautiful style with 56 candles each candle representing a year in the life of the pastor's life.

A formal presentation speech was made by Leroy Johnson, announcing the occasion of the gift, commencing at length on the faithful service that had been rendered by Rev. Watson, and of the true appreciation of his efforts being exhibited by the members and friends of Allen Chapel thru their donations.

The purse was secured by donations from members and friends, thru the following solicitors: Mrs. Wm. E. Gooden, Mrs. John H. Jackson, Mrs. Edw. White and Mrs. Arthur McFarland. These faithful workers met with no difficulty in their secret campaign for the pastor.

The cake was baked by Mrs. Mary Sloan, Mrs. Wm. E. Gooden, Mrs. Edw. White and Mrs. Arthur McFarland.

There is a great hope at Allen Chapel that Rev. Watson will be assigned to Portsmouth another year, and continue his praise-worthy work that has promoted a new spiritual and harmonious feeling throughout the church community.

#### G. A. R. Meets In Annual Encampment

INDIANAPOLIS, IND., September 25.—Rattling drum sticks and the squealing of ancient rifles announced the entry of the Grand Army of the Republic into Indianapolis today for its fifty-fifth annual encampment. Many of the veterans were bowed with years, but many others preserved their military carriage as they marched behind drum corps.

Today was devoted to the registration of the visiting veterans. Reception committee members estimated that ten thousand members of the Grand Army and its affiliated organizations were here Sunday.

Although official reports show that since last year's encampment, death has taken nine thousand members of the organization, it was expected that the attendance this year would be nearly as large as that of the last meeting.

A train of thirteen coaches brought the delegations from Alaska and Washington. Three cars bearing the New York delegation arrived last evening. Other states sending large representations in special cars were North Dakota, Colorado, Wyoming, Oklahoma, Kansas and Maryland. Special trains are due to arrive today bringing the veterans from Missouri, Ohio, Illinois, the New England states and Canada.

Representatives of Milwaukee and Des Moines, Iowa, announced that they would attempt to obtain the fifty encampment for their respective cities.

Tonight the visitors will be guests at a reception given by state and city officials.

#### Great Services At Tent Yesterday

The services at the tent on Court and Third streets yesterday were well attended. The attendance was greater than ever before and the attention and interest was the best. Rev. and Mrs. C. C. Chatfield, of Columbus, O., are at their best and hearing their once is a ready inducement to come again.

In the afternoon, Mrs. Chatfield, also an ordained minister, preached from the subject, "Sanctification as Taught by the Bible." Many declared this to be the most convincing sermon they had ever heard on this great subject.

The special song, entitled "We'll Sing And Praise Holiness" sung with guitar accompaniment was a great enjoyable feature. In the evening Mr. Chatfield used the subject "The Moral Law" in a masterly manner and the song "You May Have All the World (Give Me Jesus)" was very touching.

Come hear these wonderful Gospel messages and inspiring songs. You are sure to enjoy them. Services every night this week at 7 p. m.

## TRINITY CHURCH DAMAGED BY FIRE

Beautiful Trinity church, Gallia and Offshore streets, was the scene of a fire that caused damage estimated at \$3,000 Sunday afternoon about 1:30 o'clock. It started in the mass of rafters supporting the roof and was one of the most stubborn fires men have had to fight for some time. The attic was filled with dense smoke and fireman James Riggs who was leading the attack was forced to back downstairs twice with his hose. Riggs, who has been in the service 11 years, claims it was the worst and hardest fire he has had to get to in all these years.

**From Spontaneous Combustion**  
The fire is thought to have started from spontaneous combustion caused by water leaking through the roof onto some old cushions in boxes. These were just under the gutter of the roof above the church, and just a few feet from the head of the stairway leading to the attic.

The rafter above the box of papers caught on fire and the blaze kept spreading up the rafter to the very peak of the roof. The fire did not spread in width but kept going high, or with the draft until it reached the topmost part of the roof, which is above the skylight in the Sunday School and main auditorium of the church. The rafters are of pine and burned quickly. With the fire above the skylights among a mass of rafters it made it hard for the firemen to get to it.

**Art Broken**  
The fire did most of its damage in the rafters above the art glass skylight in the ceiling of the main auditorium. Part of the art glass was broken when heat from the fire melted the lead that fastens the glass panes in place. The high arch work in the ceiling of the main auditorium, and the chandelier hanging from the firm to run quickly to lower parts, the chandelier not sinking through the plaster in the main part of the church. The ceiling plaster in the Sunday School auditorium was damaged by water soaking through from above and part of it will have to be torn down and replaced.

The burned rafters will also have to be replaced, as the roof of the church is a very heavy one and good supports are necessary. The damage is covered by insurance and as soon as the different insurance companies adjust the loss work of repairing the damage will be started.

The firemen used chemicals mostly in combating the flames, a little water being thrown on the fire in the rafters above the Sunday School skylight which could not be reached by chemicals. The new pastor of the church, Rev. William C. Muddam, the officers and congregation of the church joined in complimenting the firemen in the way they fought the fire, that is in the using of chemicals instead of water, which would have caused much damage to the interior of the beautiful church.

**Had Poor Pressure**  
The firemen did not have a heavy water pressure at the start due to many people drawing water in the street.

**Hazelbeck will insure yet.**  
**DENVER MAKES TOURISTS HAPPY**  
Municipal Camp Ground Provides All Conveniences for Modern Gypsies By N. E. A. Service

DENVER, September 25. Modern motor gypsies find that life at the municipal camp ground here cannot be described as "rough or fit." The grounds are equipped with all the conveniences of a first class hotel. There are some of the features which make camping in Denver a luxury.

A mammoth club house, suggestive of a country club with a restaurant, pool room, barber shop, soda fountain and hot and cold showers for men and women.

The largest dance hall in the west, with music and orchestra, where campers may dance to a first class band. A steam bath where bathers may be clean and comfortable.

An auto electric laundry, electric lights, and 18 sanitary lavatories. A completely equipped children's play ground, a tennis court, a race track and three baseball diamonds. An amusements repair shop, a filling station, a shoe-making shop and a barbershop.

There is a modernized day and night kitchen, and a road information bureau with two experts in the various parts of the state.

From Denver, tourists, visiting the grounds, are advised to take the grounds and will be accompanied by a guide.

#### Dress for All Occasions

MRS. DELICIOUS, BUSINESS AND SOCIETY WOMAN, IN HER SEIT FROCK OF TAUPPE DUVETIN.

By N. E. A. Service  
DENVER, Sept. 25. A New York society woman has solved the dress problem for the modern woman of affairs.

Mrs. Charles de L. Delicous, a member of the exclusive inner circle, has recently opened an importing shop here in Denver.

The double role of society and business woman demands that she be dressed for every contingency, but all boxes are to time for frequent change. She found that the problem of the dress was solved for her hours in the trade company, and being equally ready for business and the hills was a problem.

So she had the Wooley designers make for her a costume which she is now using for all occasions, except evening parties, which she wears a more elaborate dress.

Under heavy bond not to prefer. That is, many persons as have used it.

There is a box of the shops, is in time of war.

#### SAFETY GRAM. Savings Message No. 8

Savings Safety Society, Anywhere:

Ninety per cent of the homes of Portsmouth were either built or bought through the aid of some building association. The Royal Savings and Loan Company, Gallia Street on the Square, has added many during its thirty one years of doing business. It has also paid its members a dividend of six per cent per annum. The Building Association of Portsmouth will make our city continue to grow if our citizens will place their savings with them. Why not remember the company which helped you get a home and place your savings with it. Absolute safety and six per cent income is a good thing.

## THREE DAYS STARTING TODAY

### "The FACE OF THE WORLD"

He returned home — late — and found the ring and the note — his wife had left him! Too late came the realization that he had neglected her — that she was young, eager for life and love — and that he unthinkingly had given her neither.

That's not the end, but the beginning of one of the most unusual stories of a great foreign author — a story which as it crashes its way along to its climax, will draw you along with it — tense, expectant, spellbound. The series of events that bring final happiness to husband and wife, and the part that two little keys played will absorb you entirely.

## Fire Destroys Garage And Machine

The garage and Ford machine owned by Fred Hoffman, a well-known resident of Long Run, were destroyed by fire late last night. When the fire was discovered the small frame structure was a mass of flames, and no effort was made to save the machine.

Mr. Hoffman, who is a well-known steel worker, had no insurance on his garage or machine. He is building a new home near his garage and when it is completed he will move there.

Caught fire the flames awakened him, but too late. Several months ago his machine was stolen, but it was soon recovered.

## Finds Burglar In Home, Empties Shotgun At Fleeing Intruder

When a big touring car drove up to home, Mr. Musie was in a nearby field and when he saw the car stop he started for his home. Arriving there he opened the front door and when he entered his kitchen he saw a man standing in it. The quickly seized his shotgun in the front room and when he returned the thief was heading for his machine. Musie opened both barrels at the fleeing man and he believes many shot took effect.

The burglar jumped into his machine and sped toward Scholville, where further trace of him was lost. Musie says nothing in his home was disturbed, as he arrived too quickly for the burglar. His home has been burglarized several times during the past few months and he believes the man yesterday is responsible. Musie says the fellow is not over 22 years old and wore a brown silk cap, brown suit, six feet tall, rather heavy and had dark eyes and dark hair.

Enough Spuds For All  
Aente Potato Shortage a Myth, Says Department of Agriculture

BY ALBERT APPLE  
WASHINGTON, Sept. 25.—(Rumors of an acute Irish potato shortage this winter are without foundation.

The 1921 potato crop will be only 15 per cent below the 10-year average, according to the Department of Agriculture estimates.

Food experts, however, believe that the shortage will be counterbalanced by the fact that business depression has checked food waste. Housewives are saving potatoes more closely.

Economy in the kitchen is cutting down the amount of cooked potatoes that are left over from meals and go to the garbage can.

It will require not much such economy to make 85 potatoes this winter go as far as last winter.

And that's what the potato situation calls for.

Better Condition  
Hot, dry summer injured the Irish potato crop nationally. Rained it, in some sections.

The 1915-1919 average for white potatoes was 371,283,000 bushels a year. The 1920 crop of 428,000,000 bushels was exceptionally big and cannot be used as a fair comparison.

Department of Agriculture estimates the crop is in better condition than the apple yield, which is estimated now at 58 per cent of usual average, grapes 65 and peaches 68.

Price High Now  
Even if the potato market goes into a mild shortage, market experts look for no material price advance. They point out that potato prices in cities now are very high, far out of line with what farmers are getting. This is one cause of the short crop.

Michigan farmers have been getting as low as 15 cents a bushel for potatoes, so many are rotting in the fields.

New York, as usual, will produce more potatoes than any other state. Crop there is 81 per cent of the 10-year average.

Pennsylvania will come second in potato yield, according to late estimates. Maine third, Minnesota fourth, Wisconsin fifth, Michigan sixth, California seventh, Colorado eighth and Virginia ninth.

United States "No Man's Land."  
In United States history, the term was used of a territory 170 miles long and 35 miles wide in the north of Texas, ceded to the United States in 1850 and made part of Oklahoma in 1906. Between these years, however, it had no form of government and was the resort of outlaws.

"No Man's Land" is also a narrow strip between Delaware and Pennsylvania. By some it is held to belong to the latter state. Some individuals living there prefer to perform their legal obligations to Delaware—some do not recognize Delaware in either state.

B. Sweet Revenge. A Christie comedy.  
C. Screen Snapshots. News from the studios.  
D. D. venture. "A Midnight Dream" by Schlegel, played by the Eastland orchestra. Wm. Spitzer, director.  
E. Metro presents Alice Lake in "OVER THE WIRE."  
"Over the Wire," the Wesley Ruggles production for Metro, which will be seen at the Eastland Theatre tonight, where it begins a run of three days as the feature attraction. Alice Lake, the brilliant little screen actress, who plays the starring role, has a picture specially made for her by Arthur Somers Roche. The latter is distinguished as a writer of fiction.  
Strong hate that in the crucible of emotion changes to love, is the great underlying theme of this remarkable picture, which has all the vitality and life characteristic of the works of Mr. Roche. The story, briefly, deals with Terry Dexter, who commits suicide rather than face exposure as a swindler by a financial magnate, John Gramman. Before Terry dies he telephones his sister, Kathleen, that the end is come. Kathleen distraught, vows she will avenge her brother's death through ruining Gramman. This involves a series of escapades, a Wall Street coup, a marriage, elopement, and a sudden life and death adventure where Kathleen, to her amazement, finds that she does not hate her husband, Gramman, but loves him.  
The scenario is by Edward Lowe, Jr. Allan Siegel photographed the picture, and the art settings were executed by J. J. Hughes. The able supporting cast includes Albert Roscoe, George Stewart and Alan Hale.

# REV. HUGH I. EVANS INSTALLED

## SPECIAL MUSIC IS ENJOYED

Second Presbyterian church was crowded morning, afternoon and evening Sunday, a special service being held in the afternoon when the new pastor, Rev. Hugh I. Evans, was installed, with fitting ceremonies.

The installation services started at 2:30 with Rev. D. C. Boyd of the First Presbyterian church and Moderator of the Portsmouth Presbytery in charge. The installation sermon was delivered by Rev. Lester S. Evans of Cambridge, brother of Rev. Hugh I. Evans. He delivered a splendid sermon and made a fine impression on the large congregation.

Rev. E. B. Townsend of Ironton gave the charge to the pastor and Rev. Moses Brezee, D. D. of Columbus gave the charge to the people.

A special music was rendered at this service, Mrs. H. C. Hutz singing a solo that was well received.

Communion services were held in the evening with Rev. Lester S. Evans, assisting the pastor, Rev. Hugh I. Evans. There were three additional to the church, Mr. and Mrs. George Seymour and Mrs. Hugh I. Evans. The evening service was a climax to a big day at the church. The attendance at Sunday school was 606, the largest attendance in many months.

## Harding Tells

(Continued from Page One)

them the program of discussions. To perform World Service.

In telling the conference members that they were destined to perform a world service, the president quoted "a distinguished foreigner" as having recently declared:

"Mr. President, our people are deeply interested in the American conference on unemployment because our freedom is akin to your own, and your relief in the United States will be an added signal of hope from America to us and other people who are much depressed."

"That remark of a distinguished foreigner emphasized our responsibility," the president added. "If it be true that no citizen is without example to some one among his fellows, which I believe to be overwhelmingly true, then nations, great and small, are influencing others in all they do."

**Is War Inheritance**

"The industrial depression which we are feeling is a war inheritance throughout the world. We saw humanity stressed in that production which is impelled by nations desperate in self-protection. . . . From such a test there is inevitable reaction. . . . With the world involved, there is no escape for any of the world from the valleys of depression. Though we suffered less than many of those with whom we were associated and less than any of those against whom we contended, it was inevitable that we experience the fever's aftermath and come to know depression before we could become normal again."

"Liquidation, reorganization, readjustment, re-establishment, taking account of things done and sober contemplation of things to be done, the finding of firm ground and the open, sure and onward way—all these are a part of the inevitable and no who thinks they might have been avoided by this plan or that, or this policy or that, or this international relationship or that, only knows the delusion, when reason is needed for a safe course."

"You have been summoned to counsel all America to apply your knowledge and your experience in relieving a condition which concerns all America," the president further told the conference. "Specifically, you are to deal with unemployment, to suggest a way to repairing the arterial circulation which is the very life blood of the Republic."

**To Relieve Excessive Unemployment**

"There is always unemployment. Under most favorable conditions, I am told there are a million and half in the United States. . . . who are out of work. But there is excessive unemployment today and we are concerned not alone about its alleviation, but we are frankly anxious, under the involved conditions, lest it grow worse, with hardships of the winter season soon to be met. The problem of unemployment is the most difficult with which we are confronted."

"But there are no problems affecting our national life and the welfare of the American people which we can not and will not solve. If we fail today we will fail again tomorrow. . . . It is fair to say that you are not asked to solve the long-controversial problems of our social system. We have founded the American of today on the fundamentals of economic, industrial and political life which made us what we are, and the temple requires no rebuilding now. We are impatiently strong. We are impatiently depressed after the fever, and we want to have the way to speed and defend the social values. When we know the way, everybody in America capital, labor, employer and employee, captains of industry and the privates in the trenches will go over the top in the advance drive of peace. Frankly it is difficult to know whether we have reached that bed rock to which reason leads before the upward course be hindered by measures which could be infinitely in need of re-examination."

**No Tonic From Public Treasury**

"I would have little enthusiasm for any proposed relief which seeks either palliation or tonic from the public treasury. The excess of stagnation from that source is to be removed a cause of trouble, rather than a source of cure. We should achieve but little in a remedial way if we continued to create a contributing cause."

"It is not my thought to suggest your lines of conference. I have wished to say to you that the people of the United States are very deeply interested, not alone the unemployed, but all who are concerned for our common weal, and the world is looking on to find helplessness in our American example."

Secretary Hoover declared the conference first should determine the volume, distribution and character of the

selections by Foster Krake and a talk by Mrs. Albert Manning, who spoke on "Impressions of the Civic Life of France and England."

**WOMAN'S CITY CLUB HOLDS MEETING**

The Woman's City Club held the first meeting of the fall and winter season this afternoon at the home of Mrs. Grand Williams on Gallic street. The program consisted of several vocal

selections by Foster Krake and a talk by Mrs. Albert Manning, who spoke on "Impressions of the Civic Life of France and England."

**Celebrate Silver Jubilee**

MANCHESTER, O., Sept. 25.—(R. P. H.) H. H. of Athens county, and Miss May Ogden, of Missouri, were married at Athens September 24th, 1896. Saturday evening five hundred persons called at the M. P. church, manse to congratulate them at their silver jubilee. A special wife was strung around the lawn and through the two adjoining streets that furnished brilliant illumination. A band of fifty-five pieces furnished music during the reception. Friends from a distance filled the two streets with autos. Refreshments were served at tables to all. The small boy was welcomed, refreshed and assumed a dignified manner. Rev. Mr. Hubbard is just entering upon his fourth year at this charge. Many substantial tokens were received by them.

**Bishop Hartley To Confirm Large Class In St. Mary's**

The sacrament of confirmation will be administered in St. Mary's church Sunday night, October 9, by the Rt. Rev. James J. Hartley, bishop of Columbus.

There will be two hundred and twenty children and forty adults in the class. Bishop Hartley has confirmed in Portsmouth for years. He will visit the churches at Wheelersburg, New Concord and Ironton on this confirmation tour. The pastor of the church, Rev. Mr. Hubbard, has been preparing the children and adults for the sacrament at the present time. Good cooperation of the parish has been shown on the lower portions of the walls and make the present ceremony successful.

St. Mary's congregation has been preparing for two years to have its class confirmed. The church is a fine building, built in 1872, and is one of the best in the city. It was built by the Rev. Mr. Hubbard, who has been pastor since 1896. The church is a fine example of Gothic architecture and is a landmark in the city.

**Land Dispute Case Dismissed**

An entry dismissing the suit of Joseph Turner and others against Mary Downing, alias Mary Jones, brought to set aside a deed, was filed in the office of the clerk of courts.

The case was brought by the plaintiff to set aside a deed of the defendant, who was a physician, advised the defendant, who was ill at the time, that she could take a journey to her old home in the south in safety, and then the plaintiff was made that when she returned the trip she died on a train while en route.

**Damage Suit Dismissed**

An entry dismissing the damage suit of Gertrude Pendleton, administratrix of the estate of Bertha Pendleton, deceased, against A. A. Wilcox, at the costs of plaintiff, was filed in the office of the clerk of courts Monday.

It was claimed that the defendant, who was a physician, advised the defendant, who was ill at the time, that she could take a journey to her old home in the south in safety, and then the plaintiff was made that when she returned the trip she died on a train while en route.

who would be called at the coronial preliminary hearing on that charge in police court here today.

Mrs. Delmont was the companion of Miss Rappe at the party in the Ar. Rappe said at the Hotel St. Francis at which the girl is said to have suffered fatal injuries.

The plan called for Mrs. Delmont to take the witness stand after Dr. Arthur Beardslee, physician of St. Francis, and Al Seabrook, of Los Angeles, Miss Rappe's business manager. Seabrook, it was announced last night, would be asked to testify as defense witness. Attributed to the girl's saying that important details had been developed in his previous testimony. Seabrook initially appeared as a prosecution witness, but the prosecution repudiated him.

Dr. Beardslee attended Miss Rappe after she had been taken ill, and according to District Attorney Matthew Brady, his testimony is considered extremely important to the state in showing that Miss Rappe apparently was injured internally before the first medical treatment was given.

**Rotarians Are Being Entertained**

The Rotary Club will meet tonight at Dr. W. D. Thompson's summer home on the West Side. An interesting program has been arranged by Frank Stanton and Alva Chalmers.

**Is Held To Grand Jury**

The preliminary hearing of Charles Jones, negro, charged with grand larceny in connection with the theft of Dr. Carl Brandt's Buick automobile from this city last Friday night, held in Municipal court Monday, resulted in Judge Sprague holding the accused for grand jury action under \$2500 bond.

Although the defendant entered a plea of not guilty to the charge, he admitted taking the car, claiming that he did so only in order to get to Ironton, where he was apprehended with the car in his possession. Unable to give the required bond, Jones was committed to the county jail.

**Accused Of Running Horse Into Auto**

Reports drifted into town Monday of an unusual incident which occurred at Turkey Creek Sunday, when a local blacksmith deliberately, it is said, ran a horse, which he was riding, into and against a Ford automobile which was standing at the roadside, knocking the vehicle over an embankment. The machine, which is said to have been owned by a man named Walker, was badly damaged in the plunge over the hill. The blacksmith is reported to have been considerably under the influence of liquor at the time, disappeared soon after the occurrence and has not been seen since.

An arrest probably will be made as soon as the local man is located.

**WOMEN ACCEPTED FOR JURY**

The first women to gain the distinction of serving as members of a jury in the history of Scioto County goes to Lena Kline Reed, 716 Seventh street, and Corolla Treuthart, 717 Seventh street.

They were accepted as members of the jury which is trying William Glasgow, colored, charged with shooting with intent to kill George Ransauer, in Common Pleas court Monday afternoon. The other ten members of the panel are men.

**BULLET BARELY MISSED LEWIS' HEART**

The condition of James "Doc" Lewis, who was shot through the left side by Marion Joseph at Worley's Run, West Side, Sunday was reported as favorable late this afternoon at Houshepherd hospital where he was taken soon after the affray.

X-ray pictures taken of the bullet show that Lewis narrowly escaped death. The bullet that entered under the left arm just missed piercing the heart. Had the bullet ranged upward it would have struck that vital organ. The bullet ranged toward the back and was cut out of the right back. A rib on the left side was broken by this bullet.

The bullet that entered the leg just missed the big artery.

There are powder burns under Lewis' left arm which indicates that the gun user was close to him when he fired.

**Boy Shot; Foot Amputated**

Roger Maxey, aged 10, who lives at Edna Place, three miles back of Ironton, will be maimed for life as a result of an accident.

William Beverly, aged 12, was playing with a shotgun today when the trigger was snapped and the contents of the gun lodged in Maxey's left foot. He was rushed to the Marting hospital, where his foot was amputated just above the ankle.

**Auxiliary To Elect Officers**

An important meeting of the American Legion will be held tonight at 7:30 when the initial organization of the Women's Auxiliary of the Legion will take place with the election of officers. All women who signed for the charter are urged to be present. All

**WIN WOMEN'S TENNIS TOURNAMENT**

Mrs. H. Beane and Mrs. Mary Hyland won the women's doubles tennis championship of Portsmouth this morning when they won two straight sets from Miss Edna Marting and Miss Lena Throck, the match being played at the Portsmouth Golf Club's courts.

The first set was won 6 to 2, while the second was a love set 6 to 0. This brought to a successful close the women's tennis tournament.

**Grand Jury To Report**

The grand jury in Ironton was scheduled to make its report late this afternoon. Many indictments are expected to be returned.

**Gun Victim Better**

William Stewart, New Boston garage manager, who was shot in the abdomen by his brother, Wiley Stewart, on the night of Sept. 9, continues to improve at Houshepherd hospital. It is said he is expected to be home in a few days. The gunshot is in jail awaiting trial on a charge of shooting with intent to kill.

# COURT HOUSE

**Staley Released From Jail**

Roy D. Staley, machinist, employed in the N. & W. shops at Ironton, Va., who was fined \$100 and costs by Judge Thomas on his plea of guilty to an indictment charging gun-toting a few days ago, was released from custody Monday when relatives came to his rescue and paid \$50 of the fine imposed, the remainder having been suspended pending good behavior.

Staley stopped over here to visit friends early in August while en route home from western trip and was arrested following an altercation with a man who, Staley claimed, attempted to cut him with a knife. He claimed he put the revolver in his pocket to protect himself. He was represented by Attorney B. F. Kimble.

**Judge Stephenson Coming**

Judge Will P. Stephenson of West Union, in a communication from the assessor, commissioner Monday, stated that he would be free to come to Portsmouth to hold court on Oct. 10 and it is quite probable that a special docket will be assigned for the Adams county jurist to hear here during that week.

Judge Stephenson, who spent last week holding court in Butler county under special assignment of Chief Justice C. T. Marshall of the Supreme court, was home over the weekend, but returned to Hamilton, Monday, to finish up his work there.

**Collins Trial Tuesday**

Oliver Collins, who was indicted by the recent grand jury of shooting at with intent to kill Patrolman George Harding last May, will be brought to trial before Judge Thomas and a jury in Common Pleas court Tuesday morning.

It is claimed that Collins fired several shots at the officer while attempting to escape arrest and was himself shot by Harding during the gun battle which was staged at Second and Market streets. The accused will be defended by Attorneys L. A. Thompson and Theo. K. Funk and Prosecutor George Sheppard will handle the case for the state.

**Jury Reports: Glasgow On Trial**

The petit jury reported to Judge Thomas in Common Pleas court at one o'clock Monday when the case of William Glasgow, the first of a long series of cases on the criminal docket assigned for hearing, went to trial. Glasgow, who is a well known colored man, is charged with shooting at with intent to kill George Ransauer, also colored, following a dispute, it is claimed, over a game at a house on Third street last August. The accused, who denied the charge, was defended by Attorney Horace L. Small and Prosecutor Sheppard appeared for the state.

**Dates Fixed For Holding Court**

Clerk of Courts Ed Cunningham received notice Monday that the times of holding the two regular terms of Court of Appeals in Scioto county in 1922 had been fixed for March 14 and November 14.

The calendar fixing the dates for holding court in each of the sixteen counties comprising the Fourth judicial district was recently adopted by the court.

**Wife Granted Divorce**

On the grounds of cruelty and willful absence Jim M. Nurse has been granted a decree by Judge Thomas divorcing her from Allison J. Nurse, according to an approved entry filed in the office of the clerk of courts Monday. The couple were married April 12, 1915 and the plaintiff told the court that Nurse abandoned her more than three years ago and went to Puerto Plata, Dominican Republic, where he is now living. She further stated that he had written her numerous letters from there stating that he did not care for her, would not live with her and did not intend to return to her. Evidence in the case was submitted to the court several days ago. The wife, who resides in this city, was represented by Attorneys Miller & Seal.

**Land Dispute Case Dismissed**

An entry dismissing the suit of Joseph Turner and others against Mary Downing, alias Mary Jones, brought to set aside a deed, was filed in the office of the clerk of courts.

The case was brought by the plaintiff to set aside a deed of the defendant, who was a physician, advised the defendant, who was ill at the time, that she could take a journey to her old home in the south in safety, and then the plaintiff was made that when she returned the trip she died on a train while en route.

**Damage Suit Dismissed**

An entry dismissing the damage suit of Gertrude Pendleton, administratrix of the estate of Bertha Pendleton, deceased, against A. A. Wilcox, at the costs of plaintiff, was filed in the office of the clerk of courts Monday.

It was claimed that the defendant, who was a physician, advised the defendant, who was ill at the time, that she could take a journey to her old home in the south in safety, and then the plaintiff was made that when she returned the trip she died on a train while en route.

Mrs. Delmont was the companion of Miss Rappe at the party in the Ar. Rappe said at the Hotel St. Francis at which the girl is said to have suffered fatal injuries.

The plan called for Mrs. Delmont to take the witness stand after Dr. Arthur Beardslee, physician of St. Francis, and Al Seabrook, of Los Angeles, Miss Rappe's business manager. Seabrook, it was announced last night, would be asked to testify as defense witness. Attributed to the girl's saying that important details had been developed in his previous testimony. Seabrook initially appeared as a prosecution witness, but the prosecution repudiated him.

**Is Held To Grand Jury**

The preliminary hearing of Charles Jones, negro, charged with grand larceny in connection with the theft of Dr. Carl Brandt's Buick automobile from this city last Friday night, held in Municipal court Monday, resulted in Judge Sprague holding the accused for grand jury action under \$2500 bond.

Although the defendant entered a plea of not guilty to the charge, he admitted taking the car, claiming that he did so only in order to get to Ironton, where he was apprehended with the car in his possession. Unable to give the required bond, Jones was committed to the county jail.

**Accused Of Running Horse Into Auto**

Reports drifted into town Monday of an unusual incident which occurred at Turkey Creek Sunday, when a local blacksmith deliberately, it is said, ran a horse, which he was riding, into and against a Ford automobile which was standing at the roadside, knocking the vehicle over an embankment. The machine, which is said to have been owned by a man named Walker, was badly damaged in the plunge over the hill. The blacksmith is reported to have been considerably under the influence of liquor at the time, disappeared soon after the occurrence and has not been seen since.

An arrest probably will be made as soon as the local man is located.

They were accepted as members of the jury which is trying William Glasgow, colored, charged with shooting with intent to kill George Ransauer, in Common Pleas court Monday afternoon. The other ten members of the panel are men.

**BULLET BARELY MISSED LEWIS' HEART**

The condition of James "Doc" Lewis, who was shot through the left side by Marion Joseph at Worley's Run, West Side, Sunday was reported as favorable late this afternoon at Houshepherd hospital where he was taken soon after the affray.

X-ray pictures taken of the bullet show that Lewis narrowly escaped death. The bullet that entered under the left arm just missed piercing the heart. Had the bullet ranged upward it would have struck that vital organ. The bullet ranged toward the back and was cut out of the right back. A rib on the left side was broken by this bullet.

The bullet that entered the leg just missed the big artery.

There are powder burns under Lewis' left arm which indicates that the gun user was close to him when he fired.

**Boy Shot; Foot Amputated**

Roger Maxey, aged 10, who lives at Edna Place, three miles back of Ironton, will be maimed for life as a result of an accident.

T. B. Jones, who was arrested for disorderly conduct, also failed to put in his appearance.

**Lucasville Wins**

Lucasville's crack baseball nine defeated Portsmouth Road's team Sunday by a score of 8 to 3. The Lucasville shoggers had no money on Ironton, the strike-out king on the mound for Lucasville, his offerings being sold to all corners of the lot. The pitching of Appel for Lucasville was the feature of the game. He fanned 4 batsmen. He deserved a shut-out but three errors saved the way for the three tall stars played by the Lucasvillians. Kears caught for the losers, while Springs received the slants of Appel. Lucasville plays Ironton at Lucasville next Sunday.

**Train In Crash In A Tunnel**

STEUBENVILLE, O., September 25.—Work of clearing up the wreckage of Sunday's wreck in Gould's Tunnel, where Pan Handle mail train No. 11 crashed into the rear end of a freight train, resulting in the death of two trainmen and injury to seven, was proceeding rapidly this morning and officials were hopeful that thorough service over the Pan Handle system could be resumed late today.

One of the two mail train locomotives and the two mail cars which were derailed, have been taken from the tunnel and some of the wreckage of the freight cars removed, but the other locomotive is still in the tracks and it will take hours to shift it.

Trainmen describe the smashup as the worst in years on the Pan Handle system. Four wreck crews worked all night. The men were forced to work in delays owing to the gas which filled the tunnel.

No more bodies have been found in the wreckage and it is believed there were no other victims.

The body of Engineer Michael Birch of the mail train, was shipped to his home in Pittsburgh today and that of Conductor Alfred Schapp, of the freight train, to Dennison. All of the injured have been sent to their homes.

Officials have been investigating the signal system at Gould's, where Engineer Birch received a yellow light instead of a red one, refused to make any statement as to their findings.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

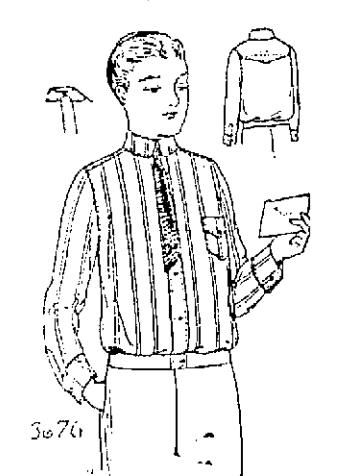

Dear Dolly—Please tell me if there is a law that will make a man pay his wife's bills that she contracted before he married her.

**WORRIED JIM**  
There is no law to that effect unless it would be the law of conscience. If your wife's good name is at stake, and you can save it by paying her bills, I think you should do so, that is, if the bills aren't too big and you can afford to pay them. She may have lived beyond her means and bought things she could not afford, just in place of you, or "hand" you, so you see you may be indirectly responsible for these debts. However, if she came to you with a lot of unnecessary debts, do you want to pay them? I don't think you should have to pay them unless, as I said in the first place, to save her good name. Buying things you never intend to pay for is just the stealing that much money from your fellow man.

Dear Dolly—If a couple would get married before a divorce and go to Canada and get married again could they be hanged, and can any one get a divorce without a marriage certificate, and don't you think it would be impossible to get a divorce if you left a divorce in the state of Ohio. Would advise you to get together, patch up your differences, and forget there is such a thing as a divorce. You can wash your dress in lake warm sands or have it dry cleaned with gasoline.

You must have had a drink of honey-brew before you wrote this letter as it is all "bubbled up." Is the couple you speak of already married, and do they want to marry each other again in Canada, or do they want to marry some one else and still keep the mates they have. Willful absence for three years is given as sufficient grounds for a divorce in the state of Ohio. Would advise you to get together, patch up your differences, and forget there is such a thing as a divorce. You can wash your dress in lake warm sands or have it dry cleaned with gasoline.

Dear Dolly—I am a married man and thought all along that I had an ideal wife, but people tell me she isn't one to me. Dolly, we have three little children and it almost breaks my heart to think of the way my wife has turned out. I have never caught her with another man and don't know of a one that I think she would go with. All I know is heart-say. My wife does not care to go out with me and I'm not crazy about going out with her. She is unattractive in her statements. I could mention a few more things, but I think I have told you enough to get a kindly answer.

**WORRIED HUSBAND**  
You haven't told me a thing worth mentioning. If you don't know anything for sure, why accuse your wife unjustly. Do not pay any attention to what gossiping women tell you. You can count on it that they are either jealous or have jammed at conclusions, and

**Cause—Change of Life. How Lydia E. Pinkham's Vegetable Compound Got Me Up**

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did and in a short time felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good."

—Mrs. A. K. L. Afton, Tennessee.

Women from forty-five to fifty years of age should take warning from such symptoms as heat flashes, palpitation of the heart, smothering or fainting spells, or spots before the eyes, and prepare their system for this perfectly natural change by taking Lydia E. Pinkham's Vegetable Compound. It has helped many, many women through this trying period, just as it did Mrs. Keller.

From Skin Suffering by use of Sykes Comfort Powder

Ashaway, R. I.—"With a large family of children and 17 grandchildren I have had a wide experience and I want to tell mothers that I have never found any powder that would keep a child's skin so free from chafing, itching, scalding, rashes and all irritations and soreness as Sykes Comfort Powder. There is nothing like it to heal the skin."—Mrs. Charles A. Brown, Ashaway, R. I.

The reason Sykes Comfort Powder is so successful in such cases is because it contains six healing, antiseptic ingredients not found in ordinary talcums. For twenty years it has been used and endorsed by physicians and mothers, and nurses call it "A Healing Wonder."

## A WIFE IN THE MAKING

BY PHYLIS PHILLIPS

THE PLOT AGAINST THE GOSSIPS

Both the girls knew that the entire town was laughing with the news reported by Mrs. Lattie the day before. There would be no peace for any of the members of "The Disgraced Wives' Club" for many a day, in spite of this they managed to laugh merrily over the whole thing.

"That's! They'll be making us over," the girls said. "How happy they must be to be able to say that it was you, a new-comer, who is responsible for it all. I just wait for the day when you and Ned will be settled in your own castle and can smile at the pack of them. Besides, there will be far less gossiping, backbiting and forwardness once you are installed in a place of power. There is nothing the small towners respect so much as the property owner. Once you two become this your lives are safe forever."

"I think you are right about it," Beth answered. "And once we are settled nothing will have the power to annoy us any more. It's only needless and disgusting. And, however you and me, there'll be no Miss Lattie allowed to linger in our home any of her ilk. Life is far too short to spend in scandal-mongering and patching up the ravages these gossips make everywhere they go. I feel sure Ned thinks as I do about this."

Miss Sally will also be better off, once she is alone in her own domain. It must be a constant irritant to her, the sight of Mrs. Nell's wife, under her very nose. We might become good friends if we were at a safe distance, and certainly we'd have more of a chance to be glad of seeing each other when we met than we have now. Your mother positively drops her eyes sometimes when she sees me approaching. There'll be 'words' when she tells Ned about my buying the costume for the new home. But that won't worry me for long.

"I have a grand idea, Cherry, a way to thwart the critics and possessors of two-tongued tongues in Wellsburg. We'll change the name of our club to 'The Progressive Wives of Wellsburg,' my dear. What think you? It's no use antagonizing the people of the town you must live in for life. And we can still be ourselves and talk as we please despite the new name."

"Great!" said Cherry with a cry of approval. "Who says you haven't a set of working brains, darling? Why, that's the very thing to do for all concerned. Beth, it will be such a blow to the Miss Latties to discover that we are not out to do our fellow-townsmen. And we'll print a set of our rules, too. Of course, the ideas and needs of the club will still remain a secret among ourselves. Let's see the editor this afternoon as soon as I've finished at Haddon's."

Together they planned a whole campaign for restoring the proper status of the wives' club. And before Cherry left she had roughly written out an interview with herself in which the reader would never dream but what the P. W. of W. club was the most desirable one in their midst.

## Every Member Of This Family Is Benefited

"It has been about a year since Tanabe has fixed me up, and I have been enjoying the very best of health ever since," said O. F. Grother, of Fairlawn, Ohio, well-known mechanically.

"My stomach was so disordered that I couldn't eat meats or vegetables at all, and even what I did manage to eat disagreed with me. I had blinding headaches and dizzy spells that almost overtook the life out of me. My kidneys were disordered and my back hurt so bad that I just dreaded to undertake any work that caused me to stoop over. My sleep was restless and broken, and mornings I felt as tired as when I went to bed the night before."

"My sister-in-law got me to try Tanabe, and the medicine gave me a splendid appetite, and fixed my stomach up so fine that I could eat anything I wanted without it bothering me. My kidneys no longer worry me, and I can lie down on my back for hours at a time and work on a machine. My sleep is sound and refreshing, and I feel as fine as I did when I was a boy. My wife and children have also gotten splendid results from Tanabe, and there is nothing too good I can say about it. I intend to take a course of the medicine this spring as a tonic."

Tanabe is sold in Portsmouth by the Fisher and Strach Pharmacy and leading druggists everywhere—Advertisement.

There will be a meeting of the Woman's Federation for social health at the Y. W. C. A. tomorrow afternoon at two o'clock. Mrs. Lillian Burr of Columbus, who was here in May to effect the organization, will be present at the meeting and will have some very interesting things to tell about this work. Mrs. Lydia Howe, who was sent as a delegate to Columbus to attend the annual meeting of this society on September 14th, will give her report. Mrs. E. S. Gillilan, who was sent as a delegate from the Community Bureau, will also have a report to make.

All women of the city, particularly the presidents of the Ladies' Aid Societies of the different churches, are urgently requested to attend this meeting. The work is of great importance to the social life of the community, and it is hoped all women of the city will feel a responsibility to the cause.

Mr. and Mrs. Howard Stinson of Columbus are the guests of local relatives and friends.

Mrs. Norman Adams of Wheelersburg has returned from Cincinnati, where she went to see her father, Mr. W. H. Butler, of Stockdale, who is a patient in Christ Hospital there. Mrs. Adams reports her father as being slightly improved.

The Woman's Auxiliary of the First Presbyterian church are holding a rummage sale today and tomorrow at the corner of Thirteenth and Walker streets. Those who have clothing to donate to this sale should notify Mrs. Margaret Miller or Mrs. Maurice Cox.

The Woman's Missionary Society of the Second Presbyterian church will meet tomorrow afternoon at the home of Mrs. T. M. Patterson, corner Kline's Lane and Franklin avenue. All members are urged to be present.

The Cup That Cheers. The tea of commerce is the leaf of a cultivated shrub which thrives best in the Far East—in the Indian peninsula and on some of the adjacent islands, in large parts of China, and in Japan. In only one part of the world is tea known to grow wild, and that is in the forests of Assam, the northeastern province of British India adjoining Burma, noted among other things for having the heaviest rainfall of any part of the world. In the Assam forests indigenous tea is a tree of vigorous growth attaining a height of thirty feet. In Assam is grown one-third of the tea produced in India. It is believed that the plant was taken from Assam to China, and it was from China that the western world learned the use of tea. The first tea-house was opened in London in 1667, and from that time tea became a popular beverage.

### When Peggy Comes To Buy

If we'd ask for something cheaper, how they'd rebuke us in that "plucked-eyebrow-tone" as you call it? Well things have changed now, and at Kline's they kindly insist that \$35.00 really buys a darling frock.

And, it does. They have good looking ones for \$50.00 and mine at \$35.00 puts it all over that Portsmouth in a shower last Wednesday morning, parked the car in front of Kline's and they are picked over, Etta; and if hustled in to buy a Rain Stick as I were you I would buy my suit. I had quite a bit of shopping to do. I was pretty tired from hang-wild about. It is the new Sphinxing on my wheel for forty miles, color one salesgirl called it, and then getting up at 5 o'clock other said it was Pyramid Brown, didn't improve my disposition, and they almost fought over it. I but I never spent a more profitable day, and I promised to write you did, and that is the reason I am blowing myself, for a (special delivery) for this, so you canless. The suit has a lovely brown board the "Early Bird" tomorrow, collar of brown wolf that sure will morning and beat somebody else, feel good around your neck one of these cool days, and no doubt it to them.

Etta—I bought a dress for \$35.00! Think of it! A perfectly darling, some kind of a cloth that looks like serge, but isn't; it's navy, of course, with the cleverest, and there are sleeves that look as if they are some head sashes that are gorgeous down over the hand, but out. I'll wager if I saw one head change their minds and flare out yesterday I saw thousands, for better over the wrists too cute for any sides those beautiful sashes they thing. They're stitched in color—showed me all the newest bead embroidery that forms a sort necklaces, and talk about variety of a cuff, and there's a touch of it in colors, they sure are there in about the neck, too, but otherwise abundance, and don't forget to it's as plain as grandmother's old look at those Angora Scarfs all shoe, with a little narrow belt of White with Ball tassels and a the same that draws it about my nifty belt.

Etta dear, I haven't said a willow (?) figure and surely makes it look "illigant" as Irish Annie used to say.

But, honestly, they amuse me some lovely teddies, and crepe there at Kline's. Do you remember, forgot to tell you my boy how the last four years, when new dress fastens in the back, we'd go into a store and ask for Write me what you get please, at something reasonable the sales- once. I'll be dying to know.

Love,  
PEGGY.

# JEALOUSY CAUSE OF SERIOUS SHOOTING AFFRAY

**James Lewis Is Wounded By Marion Joseph, Who Escapes; Woman In Case Being Held**

Jealously was responsible for a shooting affray staged at Worley's Run, West Side, Sunday afternoon about two o'clock when James "Doc" Lewis, 26 years old, was shot and seriously wounded by Marion Joseph, 35 years old, fisherman, who lived on a shantytown along the Kentucky shore opposite the Harry Vaughners' farm.

The woman in the case is Miss Alice Dyer, 26 years old, who resides with her parents on the hill at the head of Worley's Run. She was in this city during the day and accompanied by Lewis left shortly after the noon hour for her home in a taxi.

Leaving the automobile at the foot of the hill the couple started walking up the hill road and had proceeded but a short distance until Joseph appeared with revolver in hand shouting to Lewis to get his gun as he was going to shoot him. As Joseph approached the girl stepped between the men but she was quickly brushed aside by Joseph who promptly fired two shots, one of which struck Lewis under the left arm and the other lodged in his right hip. The men then clinched and in the struggle which followed Lewis secured possession of the weapon with which he was shot but before he could turn it upon his assailant, sank to the ground greatly weakened from the loss of blood which streamed from his wounds.

**Gun User At Large**

Joseph ran away as fast as he could and disappeared and an investigation made by Sheriff Ricker and deputies who were summoned to the scene disclosed that the gun user crossed into Kentucky thirty minutes after the trouble and is still at large. The wounded man was brought to Bonaparte hospital in Winchester and an examination disclosed that the bullet which entered his left side fractured two ribs and penetrated the left lung. The patient spent a restless night but Monday morning his condition showed marked improvement and it is believed he will recover, barring complications.

## 10,000,000 Women In Europe Are Condemned To Die Old Maids

Sociological Experts See Women Strenuously Competing for Men's Jobs

By N. E. A. Service

LONDON, Sept. 22.—There are 10,000,000 women and girls in Europe condemned by a surplus of their sex to support themselves through life and die spinsters.

This condition, aggravated by the war, is resulting in strenuous competition by women for men's jobs. The situation is especially acute in the British Isles, where the first preliminary reports of the 1921 census show the females greatly outnumber the males, the city population vastly exceeds the country dwellers.

For more than 100 years there has been an excess of females over males, but never in anything like the present proportion, 10,000 to 10,000.

**Total Figures**

The total number of people in England and Wales is 37,885,242, of whom 18,082,220 are males and 19,803,022 females. This is an excess of 1,720,802 females, compared with 1,179,276 in 1911.

Aside from the regular excess of female over male births in England and Wales, and aside from the loss of population by emigration, the great disparity this time is caused by the huge losses of men during the war.

In Scotland the population is 5,822,288, of whom 2,348,400 are males and 3,473,888 females. The excess of females is 1,125,488.

This means that in Great Britain there are nearly 2,000,000 women who cannot hope to marry and have their own homes, unless they happen to marry foreigners, or emigrate.

This phenomenon is common to most of Europe. The last available figures for the continent are in the main those of 10 years ago which show the following excesses of females over males:

Russia	2,500,000
Germany	841,000
France	683,000
Italy	628,000
Spain	550,000
Austria	500,000
Portugal	303,000
Hungary	193,000
Sweden	125,000
Norway	111,000
Denmark	84,000
Switzerland	62,000
Belgium	62,000
Netherlands	60,000
Finland	22,000
Ireland	6,000

Including the excess of Great Britain at that time, Europe had a total of nearly eight million more females than males.

The excess now is at least 10,000,000.

All of the belligerent countries lost huge quantities of their men during the war. And in Russia, Poland and the new states carved out of Russia, there have been additional losses from famine and disease.

**Growth of Cities**

But the growing city population of Great Britain is just as alarming to the social economists. One hundred years ago England and Wales were self-sustained as to food.

Since then the population has tremendously increased and the total of foodstuffs grown at home has probably decreased.

The result is that Great Britain is a huge workshop which must buy its daily bread and meat from abroad and pay for it in manufactured goods.

The present census shows that in the urban districts of England and Wales the population was 20,621,885 as against only 7,859,857 in the rural districts. The people's concentration in cities is illustrated by the huge towns:

Greater London	7,476,168
Glasgow	1,094,000
Birmingham	808,428
Liverpool	806,118
Manchester	730,751
Sheffield	490,724
Leeds	458,820
Fallborough	420,881
Bristol	377,001
West Ham	300,807
Kingston on Hull	287,013
Bradford	285,170

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.—advertisement.

## Community Training School To Open Tuesday Night

The initial session of the second semester of the Community Training School opens Tuesday evening at 7:15 p. m. at the U. B. church, Seventh and Gay streets.

From reports that have been coming in the school will be strongly attended from the various Sunday schools of Greater Portsmouth.

Last semester the school enrolled 155 students. It is hoped there will be many new students this semester.

The school will have the same faculty as before, which is unusually strong and those who attended the first semester were delighted with the work of the instructors.

The opening evening will be largely introductory, giving both the former and new students a chance to register and purchase their books and receive assignments.

It is hoped the students will be ready to start in the first night, so that no time need be lost and as little time as possible for business after the opening night.

The U. B. Church is conveniently located for all parts of the city. Bring notebook and pencil.

Students who have been taking the Old Testament course will not need to change books. All others will select a new course. Text-books will be on hand for part of the students at least.

It is hoped and expected that the Sunday schools will again pay the registration fees of their students, and for that reason, if for no other, students should be faithful in their studies and in their attendance, and thus show their appreciation of the Sunday School which paid their enrollment fee.

Don't miss the opening night, which is always an important one.

E. E. BARNHART, Executive Sec.

### Movie "Trust" Under Fire

International Combine Is Charged by Federal Trade Commission BY NORRIS QUINN

WASHINGTON, Sept. 26.—American movie fans spent \$4,000,000 for theatre tickets every day last year. Two-thirds of that amount found its way into the pockets of a giant motion picture trust, says charges filed by the Federal Trade Commission.

The commission says it has unearthed an international plot to control the production, distribution and exhibition of motion picture films.

It names the Famous Players-Lasky Corporation as ringleader of the alleged combine and involves 11 other companies. All have been given 30 days to answer the charges. They are expected to deny them completely.

Details of Charges. The commission says the alleged combine already has been so successful that its preparators have:

(SIGNED) iron clad contracts with the most popular screen stars to act exclusively in their pictures.

ACQUIRED a controlling interest in the most important American film distributing agency and stifled competition on the part of other agencies.

BOUGHT 400 big movie theatres outright and forced hundreds of other theatres throughout the country to show their films exclusively.

OPENED branches and affiliated with theaters and producers in every European country and in India.

Change in Industry. Until 1916 the motion picture industry was in the hands of three different classes of operators—producers, distributors and exhibitors.

In 1916 Adolph Zukor and Jesse L. Lasky set out to get control of all three branches. The Federal Trade Commission charges.

The three most important film producers then were Rosworth, Inc., the Jesse L. Lasky Feature and Play Co., and the Famous Players Film Co. Zukor was president of the last.

Lasky and Zukor bought out Rosworth and thus merged all three companies, giving them absolute control of the producing branch, the commission says.

Distributing End. The next step was getting control of the distributing end. The Paramount Players Corporation was the most important distributor. Paramount refused to sell out to the Zukor-Lasky organization.

Then, the commission says, Zukor incorporated the Arcturion Pictures Corporation as a distributing agency and started to compete with Paramount. The result: Paramount sold out to Zukor and his organization found itself in control of the distributing branch.

The final step was to acquire control of the exhibiting branch, the theaters. This, the commission charges, was accomplished by buying interests in chains of theaters in the larger cities with competition if they refused to yield to the trust's demands.

At the same time the commission charges, Zukor and Lasky secretly organized the Rechart Pictures Corporation, which controlled its own distribution, purported to be a competing company.

Limit as a Tightwad. Pundennis—"Who is the meanest man you know?" Warrington—"Old Closefoot. Whenever there is a crowd at the railway booking office, he always gets on the outside, so as to be the last to part with his money."

was the six o'clock dinner guest last evening of Miss Roberta Albright of Pine street.

## Bring the Management of the County Schools Back to the People

### Platform of "The People's Ticket" Put Into The Field To Elect A County Board of Education Friendly To Township and Home Interests

#### WE PLEDGE:

To restore authority to Township Boards of Education, to encourage and assist rather than usurp their power and dictate to them.

To see that every teacher who makes application to teach in this county gets a square deal, without personal prejudice.

To raise the standards of county examinations for teachers and guarantee every person who takes the examination a fair and just award.

To accept the responsibilities of the office as paramount to all other work, and to give all the time necessary to tasks connected with the office.

To refuse to affiliate with any clique or organization that has for its aim the injection of politics into county school affairs.

To listen to, and investigate recommendations, criticisms and complaints from any teacher or citizen at any time.

To advertise widely for a County Superintendent and to hire the person best qualified for the position.

To do everything in our power to promote community interest, to foster local pride and encourage achievement.

To conscientiously endeavor to apply the laws of the state and advance the standards of every township school, large or small, wherever situated.

If you are a voter in the townships of Scioto County and you believe in the above platform, vote for:

JOSEPH H. BRANT

JACOB W. GERLACH

J. FRANK RICKEY

Candidates on the "People's Ticket" for Scioto County Board of Education.

### PLAYERS TO GET BEST MEDICAL ATTENTION

COLUMBUS, Ohio, Sept. 26.—Football candidates at Ohio State will get the best medical attention this fall that ever has been accorded a Buckeye squad.

At least half a dozen physicians and surgeons will be available in case of accident or sickness. One physician, Oberlin grad, star.

Town's Dissipated Son. Ruben—"Did you hear that Zachary and his wife had an awful row at the supper table the other night?" Postmaster—"Did they? What did Zachary do about it?" Ruben—"He got right up from the table and went out and stayed out until ten minutes after nine. If he doesn't reform he'll give this town a bad name."

### Water Main Breaks

A five-inch water main near Damarian Hill in East Portsmouth broke Sunday, but it was not necessary to shut off the water supply to make repairs.

The break was soon located and repaired. It was reported that the water would be shut off and the housewives busied themselves and filled every available receptacle in their homes.

## Let Your First Consideration Be YOUR CORSET

Have it fitted to you. Then the outer garment you buy will fit you without unnecessary alterations. For they are made to fit the conventionally "perfect" figure of your type.

### Four Good Reasons For Wearing American Lady Corsets

First—You acquire the "perfect" figure of your type.

Second—You save money that might be expended on alterations on outer garments.

Third—Your corsets wear longer.

Fourth—You are immeasurably more comfortable.

Take the matter of correct bones. The finest corset in the world might have bones a little long or a little short for your figure. This would not be as apparent at first as when, too late, the bone has popped through, or the corset had lost its shape and its usefulness. Our corsetiere will fit you perfectly.

Consider, too, the selection of the corset. How do you choose? Do you buy because you see the corset on the counter? Because your best friend wears it? Because the price is low or because the brand is pretty?

Different figures require different corsets, our corsetiere can tell at a glance.

### American Lady—Price \$2.00 to \$10.00

A Tip: Have your brassiere fitted at the same time as your corset.

## Yanks Swamp Indians, 21 To 7

NEW YORK, Sept. 25.—Noises of crashing and smashing. Sounds of whistles and thuds. Off stage groans and cries and rattlings and clanging. Then the final score thus:

Yankees, 21; Cleveland 7.  
What a pasting, what a pasting. Now the Yanks are again at the game and an eyelash in front of the American League pennant struggle, with one more game against Cleveland coming on tomorrow.

Thirty-eight thousand fans edged into the Polo grounds Sunday, squeezed hysterically for a few exciting minutes in a light rain, and then began scrambling home after four innings, plumb satisfied.

Fourteen Yanks went to bat against "Duster" Mails in the fourth, ten facing him before Duke Ruth faired with the bases full. Eight of them scored in the one inning, but the Yanks had already snatched four runs off Ray Caldwell in the second, and three off Mails in the second and third.

It was Carl Mays' twenty-sixth victory. This leads the league. Bob Meusel got his twenty-fourth homer in the sixth with Peck and Fawcett on. Ruth knocked off and called it a day in that frame, so Fawcett, his successor was called upon to keep the Rathing business. Chick got a homer in the left field bleachers in the eighth.

**Rarden Champs Are Defeated On Sunday**  
On a muddy field the Otway Black Sox took the Rarden Champs into camp Sunday afternoon the victors gaining the decision at the end of the seventh round when the combat was called on account of darkness. The final score was 7 to 0 and both sides called on two pitchers during the fray. Sanderson and Bonding hurled for the winners and Strome and Weaver did the mound work for the vanquished.

Hoskin's Stars of Wheelersburg journeyed to Greenup Sunday and won a 10 to 0 game. Shover was in the box for the Stars and pitched a fine game, allowing only two hits and striking out ten men. The Stars made two hits and made each one count in the scoring. Filmore caught for the winners while McCarty and Cole formed the Greenup battery.

**U. Of C. To Meet Famous Eleven**  
CINCINNATI, O., Sept. 25.—University of Cincinnati football squad this afternoon started a week of intensive training for its game with West Virginia university at Morgantown next Saturday. Coaches face the task of bolstering up their defense and of compiling out an offense that will make an impression on the mountain coars who last Saturday defeated West Virginia Wesleyan, 25 to 0.

Cincinnati's green line showed well against Toledo Saturday, their work in breaking through and blocking punts being one of the bright spots of the game.

## Mohardt Will Fill Shoes Of Gipp, Dead Notre Dame Star

GEORGE GIPP (LEFT), DEAD NOTRE DAME GRIDDER ON LAST YEAR'S ALL-AMERICAN, AND (RIGHT) JOHN MOHARDT, PICKED TO REPLACE HIM.

By N. E. A. Service  
SOUTH BEND, Ind., Sept. 25.—Last fall every football fan mourned the death of George Gipp, Notre Dame star, kicked for fullback on Walter Camp's mythical All-American.

His gridiron prowess will never be duplicated, said the fans. Yet Coach Rockne, the man who developed Gipp, says he has a man who will capably fill the shoes of the deceased star.

It is none other than Johnny Mohardt, who trained with Gipp last year.

**Speed Merchant**  
"While Mohardt will not be the all-around player that Gipp was, he will startle the football world before the season is over," says Rockne. "Johnny will equal Gipp in running with the ball and executing forward passes, but there is only one Gipp. George was the superman in the game for two reasons—he knew the game and he could play in any department."

**Stars Lose To Waverly**  
HARRY DUNDHAM'S Stars played the Waverly club to a standstill in a combat staged in the Pike county capital Sunday afternoon, only to be tripped at the bag end of the fray through the wildness of Pitcher Meyers, who with the legs cleaved in the last half of the seventh lost the range and walked Weber, forcing in the winning run. The final count was 4 to 3, with the home gang laughing on the lung end with grim death when the battle was called at the end of the seventh round on account of darkness.

The contest was staged on a muddy field which rendered sliding most difficult and despite the fact that the hurlers were forced to handle a wet ball their work over most of the route was splendid.

The Waverly tribe got away to a three run lead in the first, but in the second the invaders got busy and tied it up and then the two teams battled on even terms until the fatal seventh, although both sides lost many opportunities to score a flock of tallies along the route. In the third and again in the fifth the invaders had the bags full with none down, but the succeeding batters failed to come through with the necessary hit while Waverly had nine runners stranded on the sacks. Herbert Smith and Shoemaker led the invaders with the stick while Hunter and McLaughlin excelled in this respect for the winners. The score:

# SMOKE HOUSE JUNIORS BEAT PIRATES

Despite the rain and mud, the Smoke House Juniors and East End Pirates played the first of the local football season Sunday afternoon on the Industrial League lot, the Smoke House Juniors winning by a score of 19 to 0. This was the opening game of the season in Portsmouth and a big crowd was on hand to witness the battle.

The Smoke House eleven showed the better training and they marched down the field in order, first one and then the other of the backfield men carrying the ball.

The chief ground grinder was Jake Pfan. On different plays, when he was supposed to lift the line he picked better hole by skirting around an end, ten and 12 yards were his usual gains.

Pirates would tackle him, but time and again he shook them to one side

and continued on his run until finally brought down by two or three of the opposition.

Pfan made all three touchdowns and Gould kicked the only goal kick. The Smoke House scored in the first quarter going across the line with line backs. The second quarter ended with the score the same, 6 to 0. In the third quarter Pfan went over the Pirates goal again with a big shatter as he was downed in a big pile of water. In the last quarter the Smoke House got the ball far in the enemy's territory.

Pfan, Dixon and Cleveland, the Smoke House backfield, took the ball for ten yards each time. The march continued down the field until the ball was taken across by Pfan.

The Pirates showed lack of practice, several players being picked up from the side lines to fill in places

The Hazlett were the backbone of the team, with "Shag" Hazlett leading most of the gains made by the Pirates and got most of the tackles. The tackling of the Smoke House players was of the best order and with a little more training the team will be hard to beat. Gould, quarterback for the Juniors, was the only man taken from the field. Gould was knocked out when he tackled Hazlett, who was on the receiving end of a 15 yard pass. Hazlett was headed for a touchdown with Gould, the only man to prevent from crossing the line when the little quarter back made a perfect tackle bringing Hazlett to the ground. Montgomery shifted from halfback to quarterback and directed the plays in the style.

Both teams were guilty of many off-side plays.

## Oberlin Vs. Wittenberg

OVERLIN O., Sept. 26—Grueling workouts are on schedule for the Oberlin football team each day of this coming week in preparation for the game with Wittenberg here next Saturday.

Barring the development of crampes during the week, the Oberlin team is expected to start next Saturday's game with Wittenberg, Meigs, Park, and Wood in the backfield, Emery and Richards, ends, Marshall and Stallings, tackles, Will and Gould, guards, and Whitrow, center.

# BABE RUTH AND FAMOUS MASCOT

BY BOB DORMAN

**B**ABE RUTH may be the champion home-run hitter of the universe, but Eddie Bennett of Brooklyn holds the laurels when it comes to mascotry.

It was in 1919 that Eddie first took up his job as mascot to big league ball clubs.

Being a pal of Ban Johnson, star outfielder of the White Sox, Eddie was put into a Chicago uniform by Johnson and taken on the road as the official mascot of the team.

The White Sox were victors in the American League race although they lost the world series in a somewhat snailly manner.

**Joins Dodgers**  
After the expense of the Black Sox, Eddie, who loves baseball with all his heart and soul, turned to the home club and became the official mascot of Roddie's warriors, the Brooklyn team of 1920.

How well he succeeded in his job is shown by the fact that the Dodgers surprised all experts and capped the flag.

Eddie blames the loss of the world series upon the fact that he was not taken along by the team when it went to Cleveland, where the Dodgers suffered four straight defeats.

And now Eddie to two wins out of three on the home grounds? And then look what happened when they went to Cleveland without me, says Eddie.

Disgusted by being left at home by Brooklyn, he joined the Yankees this year.

"And just look at 'em," says Eddie. "They're going to win, sure. With me hitting 'em back, and 'Babe' to hit home runs, they can't lose."

## Yesterday's Features

**NEW YORK, Sept. 26**—Eight hits in two days by Emil (Crish) Bransick of the Giants, was one reason why his team had an eighteen point margin over Pittsburgh in the National League today.

Bransick drove home four runs with two doubles against St. Louis yesterday and clinched the game for the easterners.

Meusel made two other hits, while on the day before he hit safely four times in as many trips to the plate. Pittsburgh did not play yesterday.

A merry battle for third place in the American league has developed between St. Louis and Washington.

The Browns held the berth today, but were only three points ahead of

the Senators, who yesterday defeated Detroit for their seventh straight victory. Second baseman Harris, of Washington, was a busy ball player. He made three hits in four times at bat, stole a base and in the field made four put-outs and three assists.

Catcher Gharrett of the same club, had a perfect batting average with three hits, two of them triples.

Thomas, a recruit outfielder of the Chicago Cubs, showed his other team a few tricks in winning ball games. In the first game of a double-header with Boston he drove home the winning run with a single and in the second contest his double in the final inning started a batting rally that won the battle. Each game went 12 innings.

## Looks Like Curtain For The Indians; Have Dying Chance

**NEW YORK, Sept. 26**—With an advantage of a nine point lead and insured of at least an even break in the present series, the New York Yankees today meet the Cleveland Indians in the fourth and concluding contest. The leaders won the first and third games, while Cleveland took the second.

The visitors can not wrest the American league leadership from the Yankees until they win today. A victory for the Indians still would leave the New Yorkers in the lead by one point, on the other hand, if the Yankees win,

they will increase their lead to fifteen points over their rivals and make it difficult to dislodge them from the top position in the few remaining games of the 1921 season.

In piling up a score that resembled a gridiron result more than baseball, the Yankees yesterday established a season's record for runs scored since 1900 was made by Cincinnati against Boston on June 4, 1911, when the winners tallied 20 times against 3 for Boston. In the American league, the largest score was Boston 23 Philadelphia 12, made on May 2, 1901.

Every Yankee made one or more hits except Catcher Devormer, who was not officially credited with a time at bat. Meusel, Clegg and Peckinpaugh were batting leaders, with three hits a piece. Of six errors by Cleveland, Swell made three and O'Neil two.

Meusel, who pitched yesterday, and left were the winning pitchers for New York in their two victories, while O'Neil was Cleveland's winning pitcher.

### A Dickens Letter.

A characteristic letter from Dickens, declining an invitation to dinner, was among the collection of rare Dickens books and MSS. recently sold by Sotheby's. The famous novelist writes: "It is the week in every month on which I never go out to dinner, except on some tremendous provocation, such as a twin brother's coming home from China and having appointed to return next morning, which does not often happen. On the other side I perceive a clear head looking forward to the end of Chuzzlewit; on the other, a blue-eyed flat minable and prepossessing youth, drinking soda water, and incapable of any mental exertion greater than ordering it."

**BAKER'S**  
ETON LAST

This medium round toe straight last is very popular with business men owing to its neat appearance and comfortable fitting qualities. It is made of the very best of black glazed kid, oak leather, in and out-er soles and rubber heels—an ultra smart boot for every day wear that appeals to particular dressers.
